crazy machines 2 invaders from space. crazy machines 2 invaders from space bundle edition

Invaders From Space is once again a small stuff DLC, Also came with around 7 puzzles. And nice amount of elements, including asteroids that pull everything with their gravity force Puzzles are working and quite nice. Two of them are quite weird though, given more of elements than needed. You can say that you can solve them in any way you want. Still, all is easy..
